## Business games

Players make decisions together using strategic and tactical thinking, as well as their knowledge and experience. The result is finding the optimal solution for the company, which is achieved through the exchange of information and collective decision-making. After the game, there is a debriefing during which the participants discuss their actions and decisions, as well as explore the reasons for successful or unsuccessful results of the game.

The business games are delivered in corporate format only and can be combined with business training.

For detailed information please contact EY Academy of Business coordinators.
